Company Profile

AAMIR FOOD

INDUSTRIES (REGD.)

Vision

"We believe that we are on the face of the earth to make great products and that's not changing. We are constantly focusing on innovating. We believe in the simple not the complex. We believe that we need to own and control the primary technologies behind the products that we make, and participate only in markets where we can make a significant contribution. We believe in saying no to thousands of projects, so that we can really focus on the few that are truly important and meaningful to us. We believe in deep collaboration and cross-pollination of our groups, which allow us to innovate in a way that others cannot. And frankly, we don't settle for anything less than excellence in every group in the company, and we have the self-honesty to admit when we're wrong and the courage to change. And I think regardless of who is in what job those values are so embedded in this company that AAMIR FOOD Industries (REGD.) will do extremely well."-Haji Shahzad Ahmed, CEO of Aamir Food Industries

Company History

"Aamir Food Industries has been synonymous with excellent quality confectionery products for the past fifteen years. Aamir Food Industries diversified it's product range, with a variety of popular new confectioneries for consumers all over world. Aamir Food Industries is a market leader with their classic range of candies and bubble gums - now newer, improved, and innovative products like chocolates, Biscuits, etc... have also had a substantial impact on the marketplace."

Quality Assurance

Aamir Food Industries (REGD.) has a modern state-of-the-art plant & machinery and has deployed modern technology available in the industry. The unit has an in-house R&D facility and a fully equipped quality control laboratory for carrying out all types of analytical and physical tests required.
